Missions

Give NEW LIFE to Used School Supplies

Around the world, many children do not have access to basic school supplies. In Honduras, students are often grateful to have a single notebook or pencil. We can help! Our Green Team is partnering with Midwest Mission to collect gently used school supplies to keep them out of landfills and to give them a second life helping students in Honduras learn. Please see the insert for accepted items. Collection boxes will be available in the upper and lower lobbies through May 31.
